---

## Objective

Front-end developer (React developer) with solid HTML, CSS, JavaScript, React skills, and NodeJs looking for an entry-level position to build responsive and user-friendly web applications. Excited to learn and contribute to a creative team.

---

## Profile Summary

- Proficient in frontend technologies like React, HTML & CSS.
  - Comfortable in designing responsive webpages using Tailwind CSS.
  - Proficient in Java script for designing interactive websites.
  - Solid experience in using ReactJS Components and Event handling.
  - Good knowledge in using ReactJS Hooks like useState, useEffect, useRef, etc.
  - Good knowledge in NodeJs
  - Strong understanding on Java basics, methods and OOPS concepts.
  - Confidence on the Java aspects of inheritance, Abstraction, interface, Polymorphism, Wrapper Classes, Casting.
  - Extensively practiced on control flow statements like Branch statement and Loop Statement.
  - Strong in method overloading and method over riding.
  - Good Knowledge in Object class, String Class, Arrays and Exception.
  - Proficient in Software Development Life Cycle (SDLC).
  - Experienced in using Jira for project and issue management.
  - Strong understanding of Agile and Scrum methodologies.
- 

## Skills

- **Languages & Technologies:** HTML5, CSS3, JavaScript (ES6+), React JS-18.3.1, JAVA-21, Node V20.16.0
  - **Frameworks & Libraries:** React.js, Tailwind-CSS
  - **Tools & Platforms:** Git, GitHub, npma, VS code & Eclipse.
  - **Other:** Understanding of REST APIs, Agile/Scrum methodologies, Jira, SDLC
- 

## Education

**Chennai Institute of Technology (CIT)** — [Chennai, Tamil Nadu]

*Master of Engineering in Computer Science*

Graduated: [June 2022].

**Priyadharshini Engineering College** — [Vaniyambadi, Tamil Nadu]

*Bachelor of Information Technology*

Graduated: [June 2016]

---

## Projects

### Form Validation

*Built a user-friendly form with validation that saves the information entered by the user in local storage. It also shows error messages if the user inputs invalid data.*

- Created a responsive design using HTML, CSS, and JavaScript.
- Integrated interactive elements with React JS.
- Deployed the site on GitHub Pages.

### To-Do List Application

*Developed a simple to-do list app to practice JavaScript DOM manipulation & React JS.*

- Created tasks, marked them as complete, and deleted them.
- Stored tasks using local Storage for persistence across sessions.
- Applied Tailwind CSS for a clean and user-friendly interface.

### Personal Portfolio

*Developed a dynamic personal portfolio using React to showcase projects, skills, and achievements.*

- Integrated modern design principles with responsive layouts, ensuring an optimal user experience across devices.
- Implemented reusable components and optimized code for performance and maintainability.
- Utilized state management with React hooks for smooth navigation and user interaction.

---

## Certifications

- **Certified Java Developer Associate(CJDA)** – Techcert Labs ,2024
- **Front-End Web Development Certification** – Jspiders, 2024
- **JavaScript Algorithms and Data Structures** – Jspiders, 2024
- **React JS library Certification** - Jspiders, 2024
- **Node JS certificate** – Jspiders,2024

---

## Additional Information

- **Languages:** English, Tamil.

---

## Declaration

I hereby declare that the above information is true to the best of my knowledge and belief.
